### Olle Jonsson appointed as Group Chief Information Officer at Caverion

Olle Jonsson (49) has been appointed as Group Chief Information Officer (CIO) at Caverion as of November 1, 2014. In this position he will be responsible for leading Caverion's global IT function, reporting to Senior Vice President, Group Development Sakari Toikkanen.

Mr Jonsson has extensive experience in driving change and running global IT organisations, previously as Vice President, Managed Services at Fujitsu Sweden. He has also worked as Group CIO at SKF and CIO at Mölnlycke Health Care AB, among other positions.

"With his vast international experience, Olle Jonsson has very good understanding on how to combine IT with the needs of the core business. He has strong insight into utilisation of IT in business operations, harmonisation of services and outsourcing. He will have an important role in increasing the efficiency of our business and boosting digitalisation of our services by upgrading processes and tools," says Sakari Toikkanen, Senior Vice President, Group Development.

"Caverion is a strong brand in its industry, and I am very proud to have the opportunity to become a part of this team. It is an exciting and inspiring company with great culture. I am looking forward to participating in further developing its operations," says Olle Jonsson.
